# Erratum to: The effectiveness of varicocele embolisation for the treatment of varicocele related orchalgia

David W Muthuveloe<sup>1\*</sup>, Vinnie During<sup>1</sup>, Daniel Ashdown<sup>2</sup>, Nicholas J Rukin<sup>3</sup>, Rob G Jones<sup>4</sup> and Prashant Patel<sup>1</sup>

**Erratum to: SpringerPlus (2015) 4:392**  
**DOI 10.1186/s40064-015-1177-2**

It has come to our attention that during production of the original article, an error was introduced into Table 1 during copyediting. The corrected Table 1 can be found below. The publisher apologises for inconvenience caused.

**Table 1 Varicocele embolisation outcomes compared to pre-embolisation symptom severity**

Symptom severity	Resolution of pain (%)	Symptoms improved (but not resolved) (%)	No change (%)	Symptoms worse (%)
Mild	36	N/A	54	10
Moderate	38	43	19	0
Severe	15	64	21	N/A
Overall	30	44	24	1
